GOVERNMENT OF ORISSA

FISHERIES & A.R.D. DEPARTMENT

RESOLUTION

The 7th February 2009

Government have been pleased to constitute a State Level Committee on Animal Genetic Resources (SLCAGR) to chalk out an Action Plan to be adopted by the State for conservation of livestock breeds for effective implementation of the Centrally Sponsored Scheme "Conservation of Threatened Breeds of Livestock" during the XI Five Year Plan. The Committee will also take note of the existing documentation on characterization and cataloguing of animal genetic resources and take a decision on grouping them into the critical, threatened, watch and recovering categories. The States will then formulate a breeding policy with respect to each livestock species and decide on incentives to be provided for rearing and producing specimens of threatened breeds.

The Committee shall have the following Members :—
